2 I am anxious to encourage the library movement in India and to this end have obtained the permission from His Highness' Government to accept a limited - - number of apprentices for gratuitous instruction in modern library administration.

3 This fact may be of interest to you as I understand that there is a movement on foot for library development in Mysore.

4 Only candidates fulfilling the following conditions would be eligible as apprentices. They must be sent with a special recommendation of their Government, must be intelligent and well educated men - - - (Graduates) and must spend at least three months in the Central Library. I can take not more than three men at a time and have already received an application from one candidate. The applicants will work in the Central Library and will thus have a practical training in library management including the selection, classification, cataloguing and issuing of books, also travelling libraries, library accounts and statistics.
